

### **LOVEBUGS**

Happy Holidays to all of our families! The babies (with some help from the elves) have been busy making their families Christmas gift.

Holiday attendance sheets have been sent home. Please return by December 3<sup>rd</sup>.

**It is very important that you not only wash your hands but also your babies.** We are still adhering to Covid protocol to protect all our little ones at Share and Care. We appreciate your support.

We ask that you replenish your child's "extra clothes" in their cubbies. Many of them go through items rapidly.

If your baby's diet has changed there is a sheet for you to fill out to keep in our records. Introducing new foods is part of their development and our health nurse that visits monthly will review those records.

Each time your child receives immunizations we need a copy for their file, as required by DCFS. If your child has any allergies or on a specific diet we are required to have a note from their physician.

Please-please label your child's items. It is so hard to keep track without their names on blankets, bibs, etc.

Merry Christmas and Happy New Years!

Ms. Mary, Ms. Shahnaj, Ms. Diana
